MEMORANDUM FOR: Acting Commandant of the National
Cryptologic School of the National
Security Agency

SUBJECT : Orientation Course for Officers of the
Office of Economic Research, CIA

1. The purpose of this memorandum is to request that you develop a two-day orientation course for officers of the Office of Economic Intelligence of this Agency. The objectives of the course are to give these officers a greater appreciation of NSA's work and the kinds of problems faced in SIGINT reporting and a better understanding of how COMINT can contribute to the production of economic intelligence. I have attached an outline of the topics I believe should be addressed but you may modify this outline as appropriate.

2. I suggest that the class size be small (15-20) to encourage discussion and that the first course be given in September with additional runnings in November, January, March and May.
